

CHERRY CRACKING SUPPRESSANT

Parka™ is a food-grade, hydrophobic Biofilm that is applied to cherries to help prevent cracking due to rain. By providing a protective shield against water absorption, Parka protects the integrity of the outer skin, or cuticle, of cherries during final growth stages to prevent and reduce fruit cracking.

CAUTION

Keep Out Of Reach Of Children

Prevent contact with eyes, skin, or clothing. Do not inhale mist. Product can be irritating if in eyes. Wear shirt, coveralls, shoes and socks during mixing and application. Wash all clothing in hot, soapy water after use.

FIRST AID

If in Eyes: Rinse with slowly and gently running water for 15-20 minutes. If wearing contacts remove after five (5) minutes of rinsing and then continue rinsing. If irritation persists get medical attention.

If Swallowed: Give large quantities of water. DO NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention.

If on Skin: Remove contaminated clothing. Thoroughly wash exposed skin area(s) with soap and water. If irritation occurs get medical attention. Do not reuse contaminated clothing until washed and cleaned.

If Inhaled: Remove individual from area. Give symptomatic and supportive care if required. Get medical attention.

USE RECOMMENDATIONS Shake Well Before Using

Mixing:

Use only a clean, triple rinsed spray tank for application. Use Parka at a rate of 1 gallon of product in 200 gallons of water per acre (9.5 liters of product in 1,900 liters of water per hectare). Do not exceed 1 gallon of product per acre per application. May be tank-mixed with gibberellic acid (GA) on the first application. Do not tank mix with any other product. Do not add surfactants or stickers to the product.

Application: For use on cherries only. Apply immediately prior to straw color and again 7-10 days later. Both applications must be made at least 24 hours prior to a rain event. If GA is added to the first application, ensure this application occurs 72 hours prior to a rain event. Timing between first and second application may be lengthened depending on occurrence of rain events. For maximum effect all cherries must be thoroughly covered. Use only an air blast sprayer.

STORAGE AND HANDLING

Storage: Protect from freezing. Store in a cool, dry, shaded area away from children and animals. Store above 50F.

Spills: Surround and dike area of spill. Prevent runoff into streams, other waterways, or sewer systems. Soak up spill and place in containers. Wash contaminated area with soap and water.

Disposal: Dispose of material and rinsate as directed by local, state, or Federal authorities. Keep out of streams and other waterways.

LIMITATION OF WARRANTY, LIABILITY AND CONDITIONS

Limitation of Warranty: Always read and follow entire directions and precautions. Cultiva warrants that this material conforms to the chemical and manufacturing requirements of Parka. This product is reasonably fit for the uses stated in the Use Directions. Cultiva neither makes nor authorizes any representative or agent to make any other warranties of use, fitness, or of merchantability, guarantee and/or representation, expressed or implied, concerning this material. By using this product, user or buyer accepts the following LIMITATION OF WARRANTY, LIABILITY AND CONDITIONS.

Limitation of Liability: To the extent allowable by law, the maximum liability of Cultiva for breach of this warranty shall not exceed the purchase price of this product. Buyer/User acknowledge and assume all risks and liabilities resulting from the handling, storage, and use of this product.

Conditions: Use Directions must be followed carefully. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of factors including, but not limited to: weather conditions; presence of other materials; or the manner of use or application, all of which are beyond the control of Cultiva, the manufacturer or seller. The buyer shall assume all such risks.
